

Welcome Golfers Against Cancer

The Clubs of Kingwood are comprised of three unique clubs in one: The Deerwood Club, Kingwood Country Club and the Atascocita Country Club. All are situated on scenic Lake Houston in the “Livable Forest north of Houston.

The movie “Tin Cup” starring Kevin Costner was filmed here in 1995. The US Open scenes in Tin Cup were filmed on the Deerwood and Forest golf courses. These two courses, along with the Island course have been ranked as the best in Texas. There is also a Tin Cup Lounge in the men’s locker room at the Kingwood clubhouse including a display of movie memorabilia.

Deerwood Club members were the founders of Golfers Against Cancer in 1997, and since that time have raised over \$18 million through efforts nationwide.
